

**Are You  
Still Flying in  
the Past?**

**Upgrade to the Future  
at Executive Beechcraft.**

You depend on the trusted reliability of the King Air C90 Series aircraft. It's difficult to imagine how its performance might be improved. Until today.

**The G1000 Integrated Avionics Suite  
Now Available for King Air C90 Aircraft.**

Now the most sophisticated avionics package in the industry is available for retrofit on your King Air C90. Manufactured by Garmin, the G1000  system will upgrade your aircraft's avionics boldly into the future, and make your current panel seem positively prehistoric.

**Executive Beechcraft  
is Ready When You Are.**

To schedule your aircraft for retrofit, contact:

- MKC: Paul Foster at 816.480.3524 or PaulF@exbe.com
- SUS: Jo Kreamsreiter at 636.532.4800 or Jo@exbe.com
